Announcements.

We are authorized to announce
LIS BRANHAM as a candidate for
Jailer of Lawrence county, subject to
the action of the Democratic party.

It is believed in New York that
President-elect Taft has selected
George W. Wickersham to be Attorney
General in his Cabinet.

A cut of 8 per cent in the wages of
the cotton mill operatives at Fall
River, Mass., was made the other
day, but our friends the enemy are
not heralding it as an evidence of
increased wages that were to follow
Taft's election.

The Rev. J. W. McGarvey, of Lex-
ington, says a shark, instead of a
whale swallowed Jonah. The
minister to Ninevah felt so badly
down in the mouth that he probably
cared very little what sort of a fish
had so cruelly taken him in.

With the meeting of the first Ot-
toman Parliament, Turkey formally
breaks from the despotic rule of
centuries. Sultan Abdul Hamid,
who granted the Constitution last
July providing for the assembly, par-
aded through the streets of Constan-
tinople at the head of an elaborate
cortege to open the first session of
that body.

The Congressional Committee hear-
ing evidence as to revision of the
tariff, are finding it very interesting.

That the steel industry of the Un-
ited States had reached a point where
it does not need protection, but
can stand alone in competition with
the world, was the feature of the
testimony of Andrew Carnegie be-
fore the Committee of Ways and
Means of the House of Representa-
tives which is securing evidence de-
signed to assist in the preparation
of a new tariff bill. Mr. Carnegie
proved the most interesting witness
of the entire hearing and his testi-
mony was unique, amusing and decid-
edly discomfiting to the stand-
ard-bearers.

There was so much applause over
a suggestion by Ellisha Cobb, of
Boston, to put hides on the free
list that Chairman Payne found dif-
ficulty in maintaining order.

Chairman Payne made public the
following telegram from A. E. Lit-
tle and Company, shoe manufacturers
of Lynn, Mass.:

"As properly the largest manufac-
turers of women's fine shoes in
the world, we desire to go on re-
cord as declaring the present tariff
on such shoes as we manufacture
wholly unnecessary to our success
and a distinct injustice to the con-
suming public. We favor the com-
plete abolition of this tariff in wel-

coming the competition of the world.
We should be glad at the convenience
of the Ways and Means Committee
to present arguments for the re-
moval of the duty on boots and
shoes like those of our own man-
ufacture."

"Put hides on the free list and
the American tanner will beat the
world," was the statement that Ell-
isha Cobb, of Boston, another manu-
facturer of leather, made to the
committee.

The year 1902 is to be your year—
your personal property, more subject
to your will, to your purposes, to
your personal impress, than any other
has been.

The size of your business AT
THIS MOMENT is a fact which has
taken shape, and form. You are
the prisoner, in a way, of that
fact—whatever it is, pleasant or
painful.

But what your business is to be
like at the end of 1909 is still an
open question, which you alone can
decide. The conditions surrounding
you are largely subject to your will—
if your will is strong, and unafraid.
The clay is ready to your hands—
you can shape it as you like. In
building your business to dreamed-
of proportions, you have the potent
force of advertising to work with—
to help you dominate, to help you
rule during your year—to help you
be at its end, the "boss" of a big-
ger business than you could build
up in five years without its help.

Chillicothe, Ohio, Dec. 15, 08.

R. F. D. No. 7.

Three cheers for the NEWS.

The Big Sandy News is a wel-
come visitor to our home every
week, and through this medium we
hear from our old Kentucky friends
and neighbors, which is very wel-
come indeed to us, for, although
many miles separated we still love our
native State and our many friends
and kind neighbors, both in Ken-
tucky and West Virginia.

As some of our friends may wish
to know something of Ohio, I will
endeavor to give them a short
sketch of Chillicothe, and its sur-
rounding country.

Chillicothe is situated on the
Scioto River at the mouth of a
large creek, known as Paint creek,
and about half way between Port-
smouth and Columbus. The town has
a population of about twenty thou-
sand and two hundred. It is a
railroad center, and a considerable
manufacturing town. Manufactur-
ing all kinds of implements, fur-
niture, shoes, hats, iron, steel, pa-
per and many other articles of no-
tice. The paper factory buys all
kinds of soft wood for the manu-
facture of paper, such as maple,
cotton wood, willow and white pop-
lar. Taken all around it is one of
the best markets in Ohio, especially
in the products of the farm. The
surrounding country is made up of
extensive bottoms bordered by low
hills or rolls which make beautiful
grazing land, and the fertility of
the bottom land is famous throughout
the United States.

This has been a very prosperous
year in this section for the farmer
excepting late crops and pasturage
were cut short by the continued
drouth. The clover, grass and seed
crop, however, has been the best
ever known in this section, owing
to the beautiful weather for cur-
ling and threshing. The rains are
beginning to come now, permitting
the farmers to begin their fall plow-
ing which has been almost impos-
sible until the last week or so, as the
ground has not been really wet here
since the first of August, making
plowing so difficult for wheat that
many farmers did not attempt to sow.
The farmers are about done husk-
ing corn excepting in the lower bot-
toms where there are thousands of
bushels still in the shock.

It is reported on pretty good au-
thority that there is oil and gas
in paying quantities in this vicin-
ity, and it is thought by some
parties that operations will be
begun for their development as soon
as the pipe line is finished. In
fact oil has been found only a
few miles south of here.

We have good schools and good
churches here and all seem to have
a pretty good education, even to
the poorest classes and all seem
to have a pretty good education,
even to the poorest classes and all
seem to be religiously inclined.
Rev. Rice, a former Kentuckian, who
is a brother of Rev. French Rice, of
Lawrence county, Ky., preaches for
us at Massieville every two weeks,
and it sounds good to hear an
old Kentuckian preach.

I also want to say a few words
about the people of Ohio, who have
always been held up to me as
haughty, selfish, distant people, but
I wish to say it has never been
my privilege to meet a more friendly
congenial, neighborly class of peo-
ple than I find here.

With best wishes to all and con-
tinued success to the NEWS, I remain,
Yours Truly,
JOHN R. PRESTON.

In Memory

The pale horse and rider has a-
gain visited the home of W. M.
Wright and taken this time a loving
companion and mother.

Mrs. Wright was aged 38 years, 8
months and two days. She lived a
devoted christian and was ready to
go when God called her. She has
gone to see little Carrie, her little
daughter, who preceded her to
glory land. She leaves one brother,
one sister, a loving companion and
eight children, who deeply mourn
their loss.

Just a few hours before the end
came she sent for the minister to
come, though she said she had no
her heavenly Father, but she want-
ed doubts of her going to the home of
ed to hear some old time preaching
and singing before she died, as
she had not been able to go to church
for some time. But she said she
was going to meet little Carrie.
Now the home is sad and lonely.
Mother's place can never be filled,
her place is vacant at the table
her place is vacant around the fire-
side and no more to cherish the little ones
and to share the loving compani-
onship of her husband in time of trou-
ble and sorrow. Dear Ella, Tivis,
Mart and little ones, we know your
hearts and homes are sad and lonely
but prepare to meet mother and lit-
tle Carrie in heaven where no good
byes are said and then the home
circle will never be broken, and all
form a happy band, and weeping
for little Carrie and mother will be
no more.

All was done that loving hands
could do, by physicians, relatives
and friends, but 'twas all of no
avail, for God had called her and
she had to go.

Rev. Cassidy preached her funer-
al to a large and attentive congre-
gation, and her remains were laid
to rest in the family graveyard over-
looking the home of the bereaved
by the members of the I. O. O. F.
lodges of Mattle and Oliveville, and
also of Fallsburg.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy

All the blood in the body passes
through the kidneys once every three
minutes. The kidneys filter the blood
They work night and day. When
healthy they remove about 500 grains
of impure matter daily, when un-
healthy some part of this impure mat-
ter is left in the blood. This brings
on many diseases and symptoms—
pain in the back, headache, nervous-
ness, hot, dry skin, rheumatism, gout,
aravel, disorders of the eyesight and
hearing, dizziness, irregular heart,
debility, drowsiness, dropsy, deposits
in the urine, etc. But if you keep
the filters right you will have no
trouble with your kidneys.

G. E. Pigg, living in Louisa, Ky.,
says: "I cannot find words strong
enough to express my gratitude for
the relief I received from the use
of Doan's Kidney Pills. For a num-
ber of years I suffered from dull
pains in my back, and was unable to
obtain relief. My kidneys did not
perform their functions properly, and
were the cause of all my suffering.
The secretions were profuse, highly
colored of an unnatural color and
contained a sediment. I was often
laid up with these troubles when
Doan's Kidney Pills were procured
for me and I took them as directed.
They relieved my sufferings and in
a short time I felt better in every
way. I give Doan's Kidney Pills all
the credit for my improvement and
never tire of recommending them."

A Cough Medicine

Ayer's Cherry Pectoral is a
regular cough medicine, a
strong medicine, a doctor's
medicine. Good for easy
coughs, hard coughs, desper-
ate coughs. If your doctor
endorses it for your case, take
it. If not, don't take it. Never
go contrary to his advice.

We publish our formulas
We banish alcohol

We urge you to
consult your

Ayer's

The dose of Ayer's Pills is small, only
one at bedtime. As a rule, laxative doses
are better than cathartic doses. For con-
stipation, biliousness, dyspepsia, sick-
headaches, they cannot be excelled.
Ask your doctor about this.
